Sun Cream in School

Whilst we would encourage all parents to apply sun cream to your child before they begin their school day, I appreciate there are some children who may require a top-up application before lunch.

Following consultation with staff, I am pleased to confirm that we agreed to allow the use of sun cream in school. **However, there are certain criteria, which must be met or we cannot accept your sun cream.**

1. Your child must be capable of applying the sun cream by themselves.
2. It must be a roll on application.
3. There are some children with allergies, we therefore cannot accept your sun cream if it contains any allergens including Almond Milk

If you believe your child requires sun cream in school, you will need to complete a sun cream in school form and confirm that you are meeting the above requirements.

SUN CREAM IN SCHOOL

Child's name Class

Sun Cream Name Size/ml.....

I am writing because my child requires sun cream during lunchtime.

I confirm that my child is susceptible to sunburn.

I confirm that my child can and will apply sun cream themselves.

I confirm that the sun cream **does not** contain any allergens including Almond Milk

There are some children with allergies, we therefore cannot accept your sun cream if it contains any allergens including **Almond Milk**

Signed Date

Has sun cream in school

Name Class Name of sun cream.....

Start Date Time to be administered at lunchtime
